**FIU ISSUES SCAM ALERT!!**

The Financial Intelligence Unit of Trinidad and Tobago alerts the public of a continuing trend in 'scams' initiated primarily through the Internet. Scam techniques change constantly but retain one common feature – victims are led to believe that they have a chance to obtain a large financial benefit in return for a small up-front payment.

Some scams observed involve FAKE *lottery winnings, conferences, inherited wealth, business opportunities, internet romances, work permit assistance and job offers.*

Citizens of Trinidad and Tobago including senior citizens have fallen victims to these scams and have lost considerable sums.
